Hadleigh have been brilliant, for many years they helped us with the letting of our home and then recently with its sale - above the asking price. Professional, accessible, just really good all round.

Hi Helen,

I hope you're well and things have settled down for you now the house is sold. Unfortunately the buyers are still advised and haven't been able to get the full set of keys although the house has picked up over us. Still considering the big deal they're making about losing a good client.

Could only advise if that small independent agency isn't happy that it's about recommendation and with this in mind was wondering if you might be able to write something of this nature about how pleased to be the house for many years and then sold it and without any delay or complication. The main use this testimonial page of our website - your personal details aren't used at all.

I've attached the link to the page below so you can see other testimonials and if you can make further it would be greatly appreciated.

Many thanks,
