Hi Noah,

Testimonial below- thanks for all your help!

We sold our property through Noah at Hadleigh and having dealt with many agencies in the past found this a very refreshing experience; honest, excellent fast communications and hands on management throughout the whole sales process. As a seller who didn't live in the country they were excellent at guiding and even taking care of the property in my absence. They seamlessly managed a very complicated sale from start to finish without taking their finger off the button. 10/10

Best,

Amanda
